Summary

Machine Learning Engineer and Data Scientist with expertise in AI, deep learning, and data analysis. Fresh graduate pursuing advanced studies in artificial intelligence.

Technical Skills

- Languages: Python, C++, SQL
- Frameworks: TensorFlow, PyTorch, Scikit-learn
- Cloud: AWS
- Tools: Docker, Git, Jupyter

Certifications

- Data Scientist Professional - 365 Data Science
- Introduction to NLP for AI - 365 Data Science
- Credit Risk Modeling in Python - 365 Data Science

Education

Bachelor's Degree - Arab Open University

Future Goals: Master's Degree in Artificial Intelligence
